Advanced Injectables

Take your skills to the next level with our advanced techniques

Elevate Your Skill Set During This Course to Discover Advanced Injecting Techniques! This Course Teaches Advanced Neuromodulator and Filler Techniques While Emphasizing the Importance of Full Facial Assessments.

Areas in This Course Include, but Are Not Limited To:

- Tear Troughs
- Temples
- Jawline
- Hands
- Sq Cheeks
- Neck and More.

We Do Discuss Areas Including Nose, Glabella, Forehead, and Eyelids. However, These Areas Are Extremely Dangerous, and Injectors Should Ensure They Are Confident in All Other Areas of Injecting Before Attempting These Areas of the Face.
